## Virginia YWCA To Sponsor Learn To Swim Program

"Could your youngster drown?" The best way to "drown proof" a youngster is to teach him to swim" says G. H. Coleman, Jr., of the Virginia YMCA. "That's the basic idea behind YMCA Learn-to-Swim Program which begins June 23 - July 4 and July 7 - July 18. Most youngsters can be taught basic swimming in ten lessons using the YMCA method.

Not only is swimming necessary for safety but it opens the way to a whole range of exciting water sports,Boating, Skin-diving Water skiing -- none of these should be attempted without first becoming a good swimmer.

Through lessons using theYMCA Method, beginners should be able to safely swim and be ready for more advanced instruction. Those successfully completing the course will be awarded the YMCA Certificate.

Always aware of the risk of drowning, the YMCA was early in the field of water safety and has continued to teach swimming by constantly improved methods.

The classes will be held at the Lee-Grant Motel pool for students age 6 through 13. The classes will begin at 11 a. m.

In recent years, drownings have become the third leading cause of accidental deaths in the United States. About two-thirds of drownings took place because the victims did not know how to swim, according to statistics compiled by the National Safety Council and National Center for Health Statistics. You can take the first step toward "drown proofing" your child or yourself, for that matter, by calling the YMCA at 845-1147, Lee-Grant Motel at 352-8425 or Harry G. Lawson office at 352-8383 for further information.
